

CSRMA TRAINING VIDEO LIBRARY LIST

Tailgate Training Videos are also included in this library. These videos are approximately 5 minutes long and are to be used during Supervisor Tailgate Training Sessions.

RECOMMENDED FOR TAILGATE TRAININGS	
These videos are approximately 5 min. long and are to be used during Supervisor Tailgate Training Sessions.	
Bloodborne Pathogens (#18a)	Hearing Conservation (#59)
Confined Space Training (#24)	Respiratory Protection (#82)
Ergonomics (#49)	Small Spills and Leaks (#55)
HazCom/Warning Labels (#57)	TB/Airborne Infections (#90)
Hazard Communication (#56)	Working Around Cranes (#31)

TOPIC (A-Z)	VIDEO #/TITLE	LENGTH	DESCRIPTION	Production Date	Guide Book
Accident Investigation	#1 <i>Accident Investigation - The Accident: What to Do (2)</i>	14 min.	This creative video program reviews the basic steps for investigating an accident effectively. This is the key to making sure the same accidents don't happen again! <ul style="list-style-type: none"> • Assembling an investigation kit • Gathering evidence • Key points in interviewing witnesses 	1992	Yes
	#2 <i>Accident Investigation for Supervisors</i>	21 min.	In-depth review of how to conduct an accident investigation. Designed to help supervisors develop hands-on skills.	N/A	No
	#3 <i>Accident Investigation - The Big Picture</i>	19 min.	This innovative program discusses unsafe working conditions and will help your workers explore creative solutions that prevent future accidents. <ul style="list-style-type: none"> • Gathering facts and information • Evaluating accidents • Writing accident reports 	1999	No
Anchorage	#4 <i>Anchorage -Making the Connection</i>	17 min.	Unfortunately, even the best fall protection is useless without proper anchorage. This video program will help employees hook up correctly. Complies with OSHA's proposed 1910.128-131.	1992	Yes
Asbestos	#5 <i>Asbestos Awareness</i>	23 min.	Awareness level asbestos training. Focuses on maintenance activities.	1994	Yes
Back Safety	#6 <i>Back Protection - Defending Your Safety Zone</i>	19 min.	Uses sports theme to compare physical rigors workers face to the physical challenges of many pro athletes. Reviews proper lifting, gripping and repetitive task techniques.	1997	No

CSRMA TRAINING VIDEO LIBRARY LIST

TOPIC (A-Z)	VIDEO #/TITLE	LENGTH	DESCRIPTION	Production Date	Guide Book
	#7 <i>Back Safety - Posture, Mechanics and Exercise</i>	19 min.	Excellent wellness training tips for preventing back injuries. Uses industrial tasks common to the wastewater industry to demonstrate proper techniques.	1990	No
	#8 <i>Back Safety for Landscape, Custodial & Maintenance Workers</i>	20 min.	Most back injuries are the result of workers not following safe lifting and carrying procedures. This program is an invaluable guide to the basic steps that landscape, maintenance, warehouse and custodial workers should follow in order to avoid back injuries.	1996	No
Backhoe Safety	<i>Backhoe Loader Series: #9a - Maintenance and Transport</i>	9 min..		1992	
	#9B - Safe Operating Techniques	14 min.		1992	
	#9C - Pre-Start Inspection	12 min.		1992	
	#10 <i>Coaching The Backhoe Operator</i>	2 hours	Pre-trip checks, safe operation; excavation and loading procedures. Interactive video combined with hands-on demonstrations.		Yes
Behavior Based Safety	<i>Behavior-Based Safety Series - Introduction: #12 - Module 1: Foundation Concepts - Shifting the Paradigm</i>	28 min.	This 5-part program introduces the basic concepts of behavior, attitude, and culture and it explores the relationships among them. • Behavior, attitude, and culture • Safe behaviors and at-risk behaviors • What causes the accident cycle • How the behavior-based approach improves performance, attitude, and culture.		Yes
	#13 - Module 2: Behavior Analysis - Understanding the Cause	28 min.			Yes
	#14 - Module 3: The Inventory – Defining Behavioral Exposure	28 min.			Yes
	#15 - Module 4: Observation and Feedback – Creating Positive Consequences	28 min.			Yes
	#16 - Module 5: Problem Solving – Removing the Barriers	28 min.			Yes
Bloodborne Pathogens	#17a <i>Bloodborne Pathogens - The OSHA Standard for Industry</i>	20 min.	Protection from bloodborne diseases in the industrial workplace.	1992	No
	#18a <i>Bloodborne Pathogens</i>	5 min.	Protection from bloodborne diseases in the industrial workplace.	N/A	No
	#18b <i>Wastewater Pathogens - Breaking the Chain of Infections</i>	18 min.	Protection from bloodborne diseases in the industrial workplace.	N/A	No

CSRMA TRAINING VIDEO LIBRARY LIST

TOPIC (A-Z)	VIDEO #/TITLE	LENGTH	DESCRIPTION	Production Date	Guide Book
Claims Handling	#20 <i>Claims - How to Make a Difference</i>	12 min.	Describes claims handling process and importance of getting injured employee immediate medical care. Stresses importance of returning injured employee back to work.	N/A	No
Compressed Gases	#21 <i>Compressed Gases "Safe Handling"</i>	18 min.	Most of us use pressurized gases in so many ways that we take them for granted. Despite their convenience, they can be dangerous if handled improperly. Proper handling requires special skills and training and is the focus of this important video program.	1999	Yes
Confined Spaces	#22A <i>Confined Space Case Histories</i>	14 min		1995	
	#22B <i>Confined Space Entry - Permit Required</i>	21:17 min.	Confined space entry into permit required spaces.	1993	Yes
	#22C <i>Confined Space Entry - Inside Maneuvers - Trainers Toolkit</i>	18 min.	Uses the USS Atlanta, a US submarine to compare the dangers of working in a submarine to working in a confined space. Includes handbooks, leader's guide, a poster and overhead transparencies.		Yes
	#23 <i>Confined Space Emergency Rescue - "Prepared for Success"</i>	15 min.	Preparing for confined space rescue.	1994	Yes
	#23A <i>Confined Space Rescue</i>	31 min.	Reviews OSHA rescue requirements and technical rescue procedures	1991	Yes
	#24 <i>Confined Space Training</i>	5 min.		N/A	No
	#25 <i>Confined Space Ventilation</i>	18 min.	Proper ventilation techniques. Discusses correct placement of supply and exhaust systems.	1992	No
	#120 <i>Confined Space Hotwork: Checklist to Safety</i>	20 min.	This program reviews special safety procedures imperative for confined space hotwork: the hotwork permit, special safety equipment, emergency rescue.	1992	Yes
Construction Safety	#27 <i>Hand Signals for Construction Equipment</i>	10 min.		2000	No
	#112 <i>Boomlifts in Construction</i>	10 min	Provide your workers with the training necessary to keep them safe – <ul style="list-style-type: none"> • Lifting principles • Walk-around inspections • Controls • Electricity • Operation 	1996	No

CSRMA TRAINING VIDEO LIBRARY LIST

TOPIC (A-Z)	VIDEO #/TITLE	LENGTH	DESCRIPTION	Production Date	Guide Book
Contractor Safety Management	<i>Contractor Safety Series</i> #26 - <i>Safe Working Practices; and</i> - <i>Permit Required Activities</i>	14:15 min. 12:20 min.	Reviews contractor's responsibilities to follow safe working practices and those activities, which require a permit. Recommend using at contractor pre-construct meeting as part of safety orientation.		Yes
	#26A - <i>Contractor Safety: General Requirements</i>	20 min	Helps train all workers on specific safety regulations and could help your organization avoid catastrophic accidents	1994	Yes
Cranes & Hoists	#28 <i>Indoor Cranes - Safe Lifting Operations</i>	16 min.	Pre-operations safety inspections, rigging, & safely moving a load using an indoor (shop) crane.	1991	No)
	#29 <i>Working Around Cranes</i>	19 min.	Working on/near cranes. General crane safety inspections.	1995	No
	#30 <i>Rigging and Lifting with Mobile Construction Equipment</i>	27 min.			No
	#31 <i>Working Around Cranes</i>	5 min.		N/A	No
	#113 <i>Rigging Safety</i>	20 min.	This new program shows materials and techniques used for the three most common types of slings: those made of wire rope, fiber rope and webbing. It provides information on proper selection, maintenance, rigging and use.	2004	Yes
	#121 <i>Indoor Cranes: Safe Lifting Operations</i>	22 min	This program is specifically designed for non-licensed operators to give them the knowledge needed to safely operate several types of cranes: <ul style="list-style-type: none"> • Pre-operation safety inspection • Rigging techniques • Lifting and moving 	1991	Yes
	#124 NEW! <i>Crane Inspection</i>	18 min.	Stay alive and keep co-workers safe by learning how to do a proper crane inspection.	--	--
	#127 NEW! <i>Rigging – Equipment Basics</i>	20 min.	Shows material and techniques used for the three most common types of slings. Also provides info on proper selection, maintenance, rigging and use.	--	--
Defensive Driving	#32 <i>Defensive Driving - A Crash Course</i>	16 min.	Discusses how to be a defensive driver, recognizing hazards and staying alert.		Yes

CSRMA TRAINING VIDEO LIBRARY LIST

TOPIC (A-Z)	VIDEO #/TITLE	LENGTH	DESCRIPTION	Production Date	Guide Book
	#33 - Drive for Life Series: - Defensive Driving - Emergency Situations	11 min. 11 min.	Defensive driving techniques for the experienced driver. How to handle emergency situations.		Yes
	#34 Coaching the Maintenance Vehicle Operator	4 hours	Defensive driving techniques for heavy vehicle operators.		Yes
	# 108 Safe Winter Driving	17 min.	Winter driving presents special driving hazards. This video program reviews special safety techniques to help employees overcome winter driving hazards.		Yes
Drug & Alcohol	DOT Drug and Alcohol Training Series #35A - Supervisor training (2 videos)	125 min.	Supervisor reasonable cause testing training series.	N/A	Yes
	#35B - Driver Alert (1 video)	38 min.	Driver alert.	N/A	Yes
	#35C - Collection procedures (1 video)	16 min.	Collection procedures.	N/A	Yes
	#36 DOT Alcohol & Drug Rules - What You Need to Know: - Application - Information	20 min. 20 min.		N/A	No
Earthquake Safety	#37 Earthquakes - Planning for Disaster	7:59 min.		N/A	No
Electrical Safety	#38 Electrical Safety - Beware of the Bite!	20 min.	Shows workers how to protect themselves from unexpected electrical shock. Includes handbooks, leader's guide, a poster and overhead transparencies.		Yes
	#39 Take Electricity Seriously: Shock - Fire - Explosion	17 min.		N/A	No
	#43 Fatal Shock - Electrical Case Histories	20 min.	Dramatic re-enactment of actual electrical accidents. Motivates employees to follow proper electrical safety procedures. Teaching tool.	1993	Yes
	#128 NEW! Electrical Safety for the Qualified Worker	18 min.	This cutting-edge training program will teach the proper methods and precautions to avoid electrical shock, serious burns and arc flash accidents. Topics covered: <ul style="list-style-type: none"> ➤ Correct PPE ➤ Lockout/Tagout procedures ➤ NFPA 70A ➤ Arc Flash hazard analysis 	--	--

CSRMA TRAINING VIDEO LIBRARY LIST

TOPIC (A-Z)	VIDEO #/TITLE	LENGTH	DESCRIPTION	Production Date	Guide Book
	#133 NEW! <i>Electrical Safety – Avoid the Risk</i>	12 min.	Discusses safe work practices that every electrical worker should employ in order to avoid the risk of electric shock or electrocution. Provides guidelines for working with electrical circuits, proper grounding procedures, lockout/tagout methods.	--	--
	#134 NEW! <i>Electrical Safety – Working Around Live Circuits</i>	7 min.	Provides vital lessons for qualified electrical workers and discusses requirements for qualification as specified by OSHA. Also highlights ways of reducing risk of injury by adhering to the rules and guidelines of the National Electrical Code.	--	--
	#135 NEW! <i>Electrical Safety – Basic Principle</i>	15 min.	Provides knowledge and application of basic electrical safety principles, safe work practices and correct emergency response procedures, including definitions for several commonly used terms among electrical workers.	--	--
Emergency Action Plan	#40 <i>Emergency Action Plan</i>	15 min.	This vitally important program will teach your employees the basic aspects of emergency action planning. They will learn evacuation procedures as well as the importance of simulations and the responsibilities of all personnel.	1999	No
	#40A <i>Facility Security - The Critical Link</i>	18 min	This video highlights important points in maintaining facility security	2001	Yes
Emergency Preparedness	#41 <i>SEMS Introduction Course</i>	38 min.			No
	#42 <i>Risk Mgmt. For Small Communities</i>	51 min.			No
Environmental	#114 <i>EPA Criminal Liability</i>	8 min	In this eye-opening special report, a convicted environmental felon talks – from behind bars of a federal prison – about the on-the-job pressures he faced, the laws he broke and the lessons he learned.	NA	No
Ergonomics	#44 <i>Ergonomics - Your Body at Work</i>	20 min.	Ergonomic hazards and prevention in the industrial workplace.	1991	No
	#45 <i>Ergonomics - Break the RMI Habit</i>	12 min.	Incorporates requirements of the California OSHA Ergonomics Standard (Article 106, Section 5110) with common sense ergonomic procedures.	1997	Yes
	#46 <i>Office Ergonomics - It's Your Move</i>	16 min	Designed to help understand and prevent MSDs. This video covers signs and symptoms of MSDs and protecting yourself while you work		Yes

CSRMA TRAINING VIDEO LIBRARY LIST

TOPIC (A-Z)	VIDEO #/TITLE	LENGTH	DESCRIPTION	Production Date	Guide Book
	#47 <i>Office Ergonomics: Putting it all Together</i> - <i>Posture & Activity</i> - <i>Environmental & Psychosocial</i> (2 copies available)	15 min. 15 min.	Part 1 addresses posture & risk factors in the office. Part 2 examines the environmental and psychosocial aspects of ergonomics.	1996	No
	#48 <i>Video Display Terminals - The Battle for Comfort</i>	18 min.	Designed to teach employees who work at computers how to eliminate the minor aches and pains which could become a major problem.	1996	Yes
	#49 <i>Ergonomics</i>	5 min.		N/A	No
	#136 NEW! <i>Ergonomics – Solving the Puzzle</i>	15 min.	This Trainer's Toolkit covers OSHA's newest standard to help create an ergonomic work environment.	--	Yes
Fall Protection	#50 <i>Construction Fall Protection – Get Arrested!</i>	11 min.	This new program will help your employees work safer and smarter. It will also train employees on what's new, what's in and what's out, as far as fall arrest equipment and safety procedures go. • Requirements for guardrail construction, strength, and minimum height standards • Proper anchorage techniques • Effective use of harness and lanyards • When and how to use lifelines and positioning devices	1998	Yes
	#115 <i>Personal Fall Protection: One Step Beyond</i>	13 min	This training, based on Subpart M, will show general industry employees how to protect themselves from fatal falls: • Personal fall protection systems • Lifelines, snaphooks, harnesses • Rescue • Equipment care and inspection	1998	No
Fire Safety	#51 <i>Fire Safety - There's No Second Chance</i>	20 min.	Uses a re-enactment of a workplace fatality to demonstrate proper fire prevention, use of fire extinguishers, and evacuation procedures.	1996	No
	#51A <i>Remember Charlie</i>	56:49	Charlie Morecraft recreates his near-fatal accident in engaging detail. Charlie drives home the importance of following safety procedures. Everyone wakes up to the high cost of an accident, not only to themselves but to their families. Seldom are people confronted by real consequences of an abuse in safety procedures.		No

CSRMA TRAINING VIDEO LIBRARY LIST

TOPIC (A-Z)	VIDEO #/TITLE	LENGTH	DESCRIPTION	Production Date	Guide Book
Forklift Safety	#52 <i>Forklift Safety - Non Humorous</i>	12:07 min	Forklift operations and safety checks.	1992	No
	#52A <i>Forklift Safety - Real, Real-Life</i>	16 min	Helps you and your employees avoid permanent life-threatening injuries.		Yes
	#126 NEW <i>Forklift Case Histories – Serious Business</i>	16 min.	Presents re-enactments of four actual accidents which occurred on or around forklifts and walkies. Ideal for training and re-training.	--	--
General Safety	#52B <i>Safety Orientation - Don't Be a Zombie</i>	22 min	Covers critical safety information and motivates workers to protect themselves.	1996	Yes
	#116 <i>Safety Coach: 7 C's of Safety</i>	19 min	Featuring Florida State Univ head football coach, Bobby Bowden, this training package is packed with information showing supervisors and employees how to actively support a safe workplace: confirm safe actions; correct, don't criticize; resolve conflict, collaboration, clarify.	2001	
	#117 <i>Groundskeeping Safety: Dealing with Bugs and Critters</i>	15 min	Designed especially for public works, utility, government employees or anyone whose job function includes grounds maintenance or outdoor responsibilities, this is essential for a safe work environment – basic ppe, snakes, wasps, bees, fire ants, poison oak/ivy, first aid.	1999	Yes
	#118 <i>Groundskeeping Safety: Be a Pro!</i>	17 min	As a professional groundskeeper, you require the use of potentially dangerous equipment and chemicals. This program teaches you how to avoid unnecessary accidents by thinking. – ppe, general safety checklists, tractors, riding/push mowers	1996	Yes
Hand Tool/ Machine Safety	#103 <i>Powered Hand Tool Safety – Handle With Care</i>	20 min.	Encourages viewers to consider the many dangers that can be part of using powered hand tools. Training is outlined along the lines of "avoid, protect, and defend." Employees will see the benefits of working safely with powered hand tools – on and off the job		Yes
	#109 <i>Hand Tool Safety Overview</i>	15 min	Reviews basic safety procedures – and prevent an incident in your organization.		NO
	#110 <i>Wrench Safety</i>	10 min	Helps your employees get the most from their wrenches with this helpful video program.		NO

CSRMA TRAINING VIDEO LIBRARY LIST

TOPIC (A-Z)	VIDEO #/TITLE	LENGTH	DESCRIPTION	Production Date	Guide Book
	#123 NEW! <i>Give Safety a Hand Series</i> <i>Striking and Struck Tool Safety</i>	9 min.	Important review of proper safety procedures when handling striking and struck tools.	--	--
	#125 NEW! <i>Give Safety a Hand Series</i> <i>Wrench Safety</i>	10 min.	Proper wrench use that will protect your employees from injuries and also make them more productive.	--	--
	#132 NEW! <i>Give Safety a Hand Series</i> <i>Socket and Accessory Safety</i>	14 min.	Teaches workers how to use sockets, ratchets, drive tools and other common hand tools correctly.	--	--
Hazard Communication	#56 <i>Hazard Communications</i>	5 min.	Tailgate training - working with hazardous materials.	N/A	No
	#57 <i>HazCom/Warning Labels</i>	5 min.		N/A	NO
	#57A Learn From Their Mistakes - HazCom Case Histories	19 min.	Help employees take proper precautions as they review HazCom Procedures	1994	NO
Hazardous Materials/Haz Waste Safety/	#19 <i>Emergency Chlorine Scrubber Systems - demonstration.</i>	13 min.	Real life demonstration of chlorine release in a controlled pilot test.	N/A	No
	#19A <i>Chlorine - Treat With Respect</i>	26 min.	Outlines chlorine hazards and discusses exposure prevention.	1988	Yes
	#19B <i>Hydrogen Sulfide - A Matter of Life or Death</i>	18 min	Helps your employees understand the potential hazards of hydrogen sulfide and safe work practices necessary to avoid injury. This video program will help teach workers how to protect themselves	1993	Yes
HazWoper	#53 <i>HAZWOPER Training - Response Levels</i>	22 min.	Operations-level training. How to respond to emergencies.	1990	Yes
	#54 <i>Small Spills & Leaks</i>	15 min.	Discusses 6 steps for properly handling a small leak or spill. Appropriate for Hazwoper Awareness training.	1994	No
	#54A <i>Small Spill & Leaks</i>	18 min.	Focuses on controlling small spills and leaks, covers all the essential procedures all employees should know if a leak should occur on their shift		Yes
	#55 <i>Small Spills & Leaks</i>	5 min.		N/A	No

CSRMA TRAINING VIDEO LIBRARY LIST

TOPIC (A-Z)	VIDEO #/TITLE	LENGTH	DESCRIPTION	Production Date	Guide Book
	#119 <i>Drum Handling</i>	18 min.	When handling and moving drums filled with hazardous materials, employees must be properly trained to do this safely. This program will help you complete that required training. <ul style="list-style-type: none"> • Inspecting drums and worksites • Handling and moving drums • Opening/sampling • Characterization/staging • Decontamination 	1992	Yes
Hearing Conservation	#59 <i>Hearing Conservation</i>	5 min.		N/A	No
Heat Stress	#11 <i>Beat the Heat - Preventing & Treating Heat Disorders</i>	17 min.	Heat stress sounds like a minor inconvenience, but for those workers who must perform their jobs in the heat, heat stress can cause bodily illness and injury, work site accidents and even death.	1995	Yes
	#104 <i>Don't Lose Your Cool</i>	14 min.	This program provides a no-nonsense approach to heat stress and how to prevent or treat heat disorders.		Yes
Hydraulics	<i>Hydraulics Series:</i> #78 - Hydraulic Systems: Safety and Maintenance	40 min.	This lesson covers the proper procedures for working with various hydraulic components, the safety rules for operating and maintaining a hydraulic system, and the factors which determine the intervals at which preventive maintenance tasks should be performed.	N/A	No
	#79 - Troubleshooting	25 min.	The factors which must be considered when evaluating the operation of a hydraulic system, the symptoms of several hydraulic component and system malfunctions, and possible causes of some common hydraulic component and system failures are all covered.	N/A	No
Lab Safety	#60 <i>HIV-Controlling Your Risks in the Research Laboratory</i>	28 min		1994	No
	#60A <i>Laboratory Safety - The Finer Points</i>	17 min.	Based on OSHA 1910.1450, this new video program refresh seasoned laboratory employees on safety techniques and general procedures they may have forgotten since their initial training		Yes

CSRMA TRAINING VIDEO LIBRARY LIST

TOPIC (A-Z)	VIDEO #/TITLE	LENGTH	DESCRIPTION	Production Date	Guide Book
	#60B <i>Laboratory Safety - Under The Hood</i>	18 min.	Helps employees develop safe work practices while in the lab and recognize common laboratory hazards, use and understand their employer's Chemical Hygiene Plan, and the requirements of the Laboratory Safety Standard (1910.1450)		Yes
	#61 <i>OSHA Laboratory Standard</i>	16 min.	Review of OSHA Chemical Hygiene Plan and safe chemical handling procedures.		No
	#63 <i>Practicing Safe Science</i>	29 min.	Demonstration of good safety techniques Reenactments of actual laboratory accidents.	1992	No
Line Breaking	#66 <i>Line Breaking - Use a Permit!</i>	16 min.	Every day lines and equipment must be opened for different reasons. Although it is a relatively easy process, the potential for disaster is great. Safely managing the materials flowing through a pipeline system is the focus of this program. <ul style="list-style-type: none"> • Line and equipment opening (LEO) • Establishing an effective safety program • LEO permits • Lockout/tagout • Line-breaking procedures/post procedures • Emergency response 		No
LOTO	#65 <i>Lockout For Life</i>	21 min.	Great awareness training on importance of using proper lockout/tagout procedures. Uses reenactments of actual accidents to demonstrate.		No
	#65A <i>Lockout Tagout</i>	20 min.	Helps you comply with OSHA's Logout/Tagout Standard (1910.147). Designed to provide important information about safe work practices when locking and tagging, focuses on who employees can spot potential hazards before it's too late.		Yes
	#111 <i>Lockout Tragedy – Danger Zone</i>	15 min.	Retells the tragic story of Michael Fitch, a young worker who lost his life in an avoidable on-the-job accident involving improper lockout procedures. Emphasizes to your employees the importance of following safe work practices.		No
Maintenance Safety	#67 <i>Maintenance Safety - High Impact</i>	19 min.	High Impact Video. Graphic reenactments of actual maintenance fatalities resulting from common maintenance hazards.	1995	No
MSDS	#62 <i>Material Safety Data Sheets (MSDS)</i>	5 min.	Tailgate training - reading MSDS sheets.	1992	No

CSRMA TRAINING VIDEO LIBRARY LIST

TOPIC (A-Z)	VIDEO #/TITLE	LENGTH	DESCRIPTION	Production Date	Guide Book
Office Safety	#68 <i>Working Smart - General Office Safety</i>	19 min.	Alerts employees to potential dangers in their offices and gives crucial advice on how to avoid these dangers.	1992	No
	# #68A <i>Office Safety - It's a Jungle in There</i>	20 min.	Shows how working in an office is a lot like being in the jungle. Focuses on preventing injuries, controlling dangers, and formulating emergency plans.		Yes
PPE	#69 <i>Personal Protective Equipment - You're Covered</i>	16 min.	Overview of protective equipment requirements and devices.	N/A	No
	#105 <i>Personal Protective Equipment- Real Life</i>	15 min.	This unique interactive video training takes employees through some "real life" situations and forces them to think about how they would respond.		Yes
	#70 <i>Personal Protective Equipment - You're Covered</i>	17 min.	Updated to help you comply with the revised OSHA standards, this video program covers info on the safe use and maintenance of PPE. Complies with OSHA 1910.132,133,135	1994	Yes
Process Safety Management	#71 <i>Chemical Process Safety – Employee Awareness</i>	15 min.	Your process safety program is only effective if your employees understand it. This video helps them understand why certain procedures are so important and motivates them to follow proper procedures. <ul style="list-style-type: none"> • Employee participation • Management of change • Incident investigation • Compliance audits 	1994	Yes
Respiratory Protection	#80 <i>Respiratory Protection - Another World</i>	22 min.	Overview of new 1998 OSHA Respiratory Standard and program requirements		Yes
	#81 <i>Respiratory Fit Testing - Face It</i>	18 min.	Proper fit test and fit check procedures. Based on OSHA's proposed regulations.	1995	No
	#82 <i>Respiratory Protection</i>	5 min.		N/A	No
	#83A <i>SCBA Care & Maintenance - The Time Is Now</i>	15 min.	Teaches workers how to use and correctly care for self contained breathing apparatuses (SCBAs)		No
Safety Meetings	#83 - Safety Meetings - Give'em What They Want	16 min.	How to conduct effective safety meetings	2000	Yes

CSRMA TRAINING VIDEO LIBRARY LIST

TOPIC (A-Z)	VIDEO #/TITLE	LENGTH	DESCRIPTION	Production Date	Guide Book
Scaffolds	#88 <i>Stationary Scaffolds</i>	11 min.	Most falls from scaffolds can be easily prevented. This vital program discusses stationary scaffolds and how to work safely on and around them. <ul style="list-style-type: none"> • Scaffold assembly • Competent person • Hazards • Safe work practices 	1997	Yes
	#88A <i>Scaffolds - Safety At All Levels</i>	16 min.	Covers the new requirements of 1926.450-454.	1997	
Scissor Lifts	#84 <i>Scissor Lifts in Construction</i>	9 min.	Scissor lifts can provide a safe walking and working surface on construction sites, however, proper training is essential. This program will teach workers what they need to know.	1996	No
Sexual Harassment	<i>Sexual Harassment Series</i> #85 - What Employees Need to Know	8 min..	Reviews sexual harassment in the workplace.	1995	No
	#86 - What Managers Need to Know.	10 min.	Reviews sexual harassment in the workplace. Discusses correct management responses.	1995	No
	#87 - An Investigator's Guide	10 min.	Reviews sexual harassment in the workplace. Discusses investigation procedures.	1995	No
	#137 <i>Diversity NOW</i>	22 min.	Supervisors and employees will learn the importance of tolerance when interacting with a diverse group of co-workers, and staying within the legal boundaries of employee screening.	--	--
Shiftwork NEW TOPIC!	#122 – Shiftwork – Circadian Survival	20 min.	Teaches the many ways of dealing with the stresses of shiftwork and provides practical guidelines to follow to adjust to a shift schedule.	--	--
Slips, Trips and Falls	#89 <i>Slips, Trips & Falls - Real Life</i>	17 min.	Falls account for almost 400,000 workplace injuries each year. This exciting new entry into the Real, Real-Life series will teach your workers to be aware of potential dangers and minimize serious injury on the job.		Yes
Supervisor Training Safety	#101 <i>Job Safety Analysis – Pro-Active Planning</i>	12 min.	Job Safety Analysis is a way of planning ahead, a way to spot problems before they become accidents. An effective JSA focuses only on those steps that create a hazard to the safety or health of personnel.		NO
	#102 <i>Media Relations – What To Do When The News Is You</i>	18 min.	Teaches plant managers, supervisors and even line workers how to handle the media effectively.		NO

CSRMA TRAINING VIDEO LIBRARY LIST

TOPIC (A-Z)	VIDEO #/TITLE	LENGTH	DESCRIPTION	Production Date	Guide Book
Traffic Safety	#91 <i>Flagging Safety - You're the Director (2)</i>	17 min.	Correct flagging techniques when working in traffic zones. Reviews worker safety and how to handle unusual situations.	1994	No
	#92 <i>Traffic Control Thru Workzones</i>	21:15 min		N/A	No
	#100 <i>Staying on the Safe Side of the Street</i>	25:54 min.			NO
Treatment Plant Safety	#93 <i>Treatment Plant Safety</i>	5 min. bite	Good tailgate or new employee orientation. Discusses general safety issues in the plant.	1996	No
Trenching & Shoring	#94 <i>Cave In: Trenching And Shoring Safety</i>	18 min.	Hazards and causes of trench cave-ins. Discusses soil types, soil testing, shoring and general safety tips.	1994	No
	#95 <i>Construction Trenching and Shoring</i>	10 min.	OSHA estimates that approximately 90 deaths and thousands of injuries will occur every year because someone didn't know basic trenching and shoring safety guidelines. The practical safeguards covered here can help prevent these needless casualties. <ul style="list-style-type: none"> • Evaluating an excavation site • Effective worker protection systems • Emergency response 	1992	No
Tuberculosis/ Airborne Infections	#90 <i>Tuberculosis</i>	5 min.		N/A	No
Vibration	<i>Vibration Analysis Series:</i> #75 - Machine Vibration, Basic Theory Part 1	15 min..	This course discusses the important relationship between predictive maintenance and condition monitoring and machine vibration. <ul style="list-style-type: none"> • Principles of predictive maintenance • Growth of maintenance programs • Condition monitoring • Principles of condition monitoring • How condition monitoring works • The steps of condition monitoring 	N/A	No
	#76 - Machine Vibration, Basic Theory Part 2	13 min.			
	#77 - Predictive Maintenance and Machine Vibration	13 min.			
Welding Safety	#96 <i>Welding Safety - Safe Work with Hot Work</i>	18 min.	Hot work operations play a big part in many operations. This program details various types of welding and discusses vital safety precautions.	1992	Yes
	#97 <i>Arc Welding Safety</i>	5 min	Tailgate training on arc welding safety.	N/A	No
	#106 <i>Confined Space</i>	13 min.	Provides specific procedures for cutting and confined space hotwork		Yes
	#107 <i>Oxyfuel Gas Cutting</i>	13 min.	Provides specific procedures for cutting and confined space hotwork.		Yes

CSRMA TRAINING VIDEO LIBRARY LIST

TOPIC (A-Z)	VIDEO #/TITLE	LENGTH	DESCRIPTION	Production Date	Guide Book
	#120 NEW! <i>Confined Space Hotwork: Checklist to Safety</i>	20 min.	This program reviews special safety procedures imperative for confined space hotwork: the hotwork permit, special safety equipment, emergency rescue.	1992	Yes
	#129 NEW! <i>Oxyfuel Gas Cutting – The Sure Cut</i>	13 min.	Details proper safety procedures for oxyfuel gas cutting.	--	--
Workplace Violence	#98 <i>Workplace Violence – Recognizing and Defusing Aggressive Behavior</i>	<i>26 min.</i>	A realistic look at the dangers of workplace violence and how you can protect your organization from tragedy.		Yes
	#99 <i>Workplace Violence - Calm Before the Storm</i>	25 min.	Awareness, prevention and response to workplace violence.		No
	#130 NEW! <i>Facility Security – The Critical Link</i>	18 min.	This video highlights important points in maintaining facility security and explains that in an emergency situation, <i>human intelligence</i> is the critical link.	--	--
	#131 NEW! <i>Workplace Violence – First Line of Defense</i>	30 min.	This program uses an interview with a convicted perpetrator as well as a compelling dramatization to communicate the impact of the problem of workplace violence.	--	--

This list, as well as many other risk control resources, is available on the CSRMA web site at:
